

Walking Aid

MF911L

MF911LA

MF913L

MF914L

Introduction:

The walking aid allows the elderly and patients with lower limbs inconvenience but not lost mobility to go out for a walk like normal people. The triangle-like design can better protect the users.

Features:

- * One-click folding, easy to carry.
- * Can switch freely between fixed and interactive sports modes.
- * Height adjustable.
- * Large load-bearing capacity, suitable for a wide range of people.
- * A variety of structures to choose from.
