

## Mould Incubator

LCD Display

USB Port

### Application:

This series of products are widely used in medical and health, epidemic prevention and inspection, biopharmaceuticals, animal husbandry research, environmental protection, agricultural scientific research and other fields.

### Features:

- \* LCD display.
- \* The refrigeration adopts a new fluorine-free design to ensure green and environmental protection.
- \* With parameter memory function, the call will automatically resume operation.
- \* The inner box is designed with a circular arc structure, which is easy to clean.
- \* Pullable movable shelves with adjustable spacing.
- \* The inner box is equipped with a fan to form a micro air circulation to improve the temperature uniformity in the box.
- \* Outer box material: cold-rolled steel plate sprayed on the surface; internal material: SUS304 stainless steel plate.

### Technical Parameters:

| Model                            | BJPX-M80N  | BJPX-M100N     | BJPX-M150N     | BJPX-M200N     | BJPX-M300N     | BJPX-M400N     |
|----------------------------------|--|----------------|----------------|----------------|----------------|----------------|
| Capacity                         | 80   | 100            | 150            | 200            | 300            | 400            |
| Temp.Control Range               | 0℃~65℃(Microcomputer PID control)                            |                |                |                |                |                |
| Humidity Range                   | 50%~90%RH(Microcomputer PID control)                         |                |                |                |                |                |
| Temp.Uniformity                  | ±2℃  |                |                |                |                |                |
| Temp.Fluctuation                 | ±1℃  |                |                |                |                |                |
| Humidity Fluctuation             | ±5~8%RH  |                |                |                |                |                |
| Temperature and Humidity Display | 0.1℃ / 1%RH  |                |                |                |                |                |
| Accuracy                         | 0.1℃ / 1%RH  |                |                |                |                |                |
| Timing Range                     | 0~9999min(h)   |                |                |                |                |                |
| Power Consumption                | 1200W  | 1200W          | 1200W          | 1300W          | 1500W          | 1500W          |
